

SETTLEMENT WEEK

OCTOBER 7-11, 2024

WHAT IS SETTLEMENT WEEK?

Settlement week is a court-managed program to reduce court backlogs by using mediation to resolve pending civil or domestic relations cases.

Settlement Week can be beneficial for all involved. The parties have the opportunity to work with an experienced mediator to settle their disputes expeditiously, outside of court, saving the time and expense of going to trial. The court can reduce its caseload, allowing the courts to focus on the cases which cannot be resolved, except by trial.

Settlement Week is in use in Ohio courts and has successfully reduced trial dockets and over-age civil cases in Ohio courts.
